SANITARY DEPARTMENT.

No. S. 338.—It is hereby notified that sealed tenders in duplicate, which should be clearly marked "Tender for the supply of labour for Watering the Streets", will be received at the Colonial Secretary's Office until Noon of Tuesday, the 25th day of November, 1919, for the supply of labour for Watering the Streets in the City of Victoria for one year ending 28th February, 1921.

In dry weather one Chinese foreman and not more than twenty able-bodied coolies will be required every day and they will be required to work eight hours a day.

Tenderers must produce a receipt that they have deposited in the Colonial Treasury the sum of \$100 as a pledge of the *bonâ fides* of their tender, which sum shall be forfeited to the Crown if any tenderer fails or refuses to carry out his tender, should the tender be accepted.

For full particulars apply at the Office of the Secretary to the Sanitary Board.

For form of tender apply at the Colonial Secretary's Office.

The successful tenderer will be required to sign a formal contract containing conditions to be prescribed by the Board and also to give security by depositing a sum of \$200 in the Colonial Treasury: failing compliance with these requirements the sum deposited by the tenderer will be forfeited.

The Government does not bind itself to accept the lowest or any tender.

A. GIBSON,
Head of the Sanitary Department.

Yangtze River—Tungchow Channel.

Buoys to be Moved—Buoy to be Withdrawn—Buoy to be Established.

NOTICE is hereby given that on or about the 18th November, 1919, the following alterations will be made in the buoyage of the Tungchow Channel, Yangtze River, owing to changes in the channel found by a recent re-survey :—

The Reach Buoy will be moved about $\frac{3}{4}$ cable S. 40° W. from its present position, its characteristics remaining unchanged.

The Central Buoy will be moved about 3 cables S. 44° E. from its present position, its characteristics remaining unchanged.

The Bank Buoy will be moved about $4\frac{1}{2}$ cables S. 43° E. from its present position, its characteristics remaining unchanged.

The Turning Buoy will be moved about 8 cables S. 47° E. from its present position, its characteristics remaining unchanged.

The Upper Crossing Buoy will be discontinued.

A *black* Buoy, surmounted by a *black* spherical daymark, and to be known as the Pagoda Buoy, will be moored in about 33 feet of water on the western side of the northern approach to the Tungchow Channel. From the Buoy, Langshan Pagoda will bear about N. 49° E., distant 4.1 miles.

All bearings given are magnetic, and depths are those of low water of extraordinary spring tides.
