NOTICE TO MARINERS.

HARBOUR NOTIFICATION.

No. 1 of 1924.

Notice is hereby given that recently damage has been caused to vessels, lying at wharves in the Back Reach, by the wash of steamers proceeding through the Harbour at an excessive rate of speed. The attention of Masters of vessels is, therefore, drawn to Clause 12 of the Harbour Regulations which lays down that vessels shall not proceed at such a speed as to cause their wash to be injurious to other craft on the river. Non observance of this regulation renders the Master of a vessel liable to prosecution in his Consular Court.

Vessels lying at Messrs. Jardine, Matheson & Co.'s wharf appear to be peculiarly susceptible to the wash of passing steamers and Masters of vessels are, therefore, warned that it is in this locality, more particularly, that speed should be reduced to dead slow.

H. S. SWEETING,
Harbour Master.
