LOCAL NOTICE TO MARINERS, No. 7.

The attention of Masters of vessels is again called to Local Notice to Mariners No. 5 of 1924, cautioning them to proceed at low speed when passing in the vicinity of dykes.

A letter has now been received from the "Self Defence Bureau" of Chiulin Island, pointing out the difficulty of maintaining the dykes during the present high water, the danger to life and property if they give way and generally emphasising the above-mentioned caution. Therefore Masters of Vessels are requested to give this notice their utmost consideration.
