SHIPPING.

2. Under this heading, in arrivals, there is an increase on the previous year of 879 steam-ships and 727,855 tons; a decrease in sailing vessels of 56 ships representing 23,268 tons; and in junks there is a decrease of 703 vessels with 44,354 tons.

3. The total number of arrivals in the Colony in 1886 was 27,222 vessels and 6,324,164 tons, or at the rate of about 74.6 vessels, averaging about 232 tons each, per diem, comprised as follows: 10.8 steamers; 0.8 sailing vessels; and 63.0 junks. This does not include the traffic between Victoria, and the outlying villages, nor that conducted in steam-launches.

4. Of the Nationalities of the various vessels there is an increase of 11 Austrian, 491 British, 109 Chinese (European built), 37 Danish, 37 French, 184 German, 13 Italian, 17 Norwegian, and a decrease of 57 American and 21 Spanish vessels.

5. Of the 4,251, European built vessels that arrived in 1886, 111 were American, 23 Austrian, 2,982 British, 142 Chinese, 55 Danish, 38 Dutch, 123 French, 676 German, 22 Norwegian, 33 Spanish, and other Nationalities in smaller numbers. It will thus be observed that vessels under the British flag absorbed 70 per cent. of the whole.

6. Of the Countries with which this enormous trade is conducted, that with China and Formosa is the greatest, being 24,358 vessels and 3,923,953 tons, or an increase of 277,907 tons in British bottoms, an increase of 168,389 tons in foreign bottoms, excluding junks, but a decrease of 12,355 tons in junks. In British and foreign vessels there is an increased trade with Cochin China, and Japan. With the Philippine Islands, and Macao there is an increase in British vessels. The trade with the Island of Hainan and the Gulf of Tonquin shows a decrease of 36 vessels and 10,635 tons in British vessels, and an increase of 61 vessels and 23,265 tons under foreign flags. In arrivals from the

Continent of Europe, the trade is about the same in British vessels, while there is an increase of 37 vessels and 63,515 tons in foreign ships. From Great Britain, there is an increase of 12 vessels and 19,189 tons in British vessels, and no difference in the arrivals of foreign vessels from that Country.

7. The following Table shows the number and class of vessels arrived in the Colony in 1885 and 1886:—

Years.	Steamers.	Tons.	Sailing Vessels.	Tons.	Junks.	Tons.
1885,	3,084	3,632,051	344	234,658	23,674	1,797,222
1886,	3,963	4,359,906	288	211,390	22,971	1,752,868
Increase, ...	879	727,855
Decrease,	56	23,268	703	44,354

8. These returns do not give more information than the number of vessels and their Registered tonnage whether with cargo or in ballast, so that the actual trade with the Colony is unknown.

9. Whether it is advisable that an Import and Export Office, similar to the one at Singapore, should be established at this Port is a question that the Chamber of Commerce might be disposed to consider. Such an Office would require quarters to be built, and a staff of proper Officers to perform the duties. It is a question of expense and whether such a Department, if created, would be to the advantage of the Mercantile Community. It certainly would make known what we have hitherto been in ignorance of.

JUNKS.

10. The junk trade for the year, excluding that with villages in the locality, shows a decrease of 703 vessels and 44,354 tons. From the Coast of China and Formosa, it is 486 vessels and 12,355 tons, and from Macao 217 vessels and 31,999 tons. The trade in junks with Canton suffered somewhat in July of last year, consequent on the additional taxation of imports and exports; but the trade is gradually resuming its former condition. The trade with Macao also dropped at the same time, consequent on the Chinese Government exacting taxes on cargoes to that place in junks, and the trade has improved but very little since, nothing but rice and coals being now conveyed in junks from Hongkong to that Settlement. This taxation has led to increased steam communication between Hongkong, Canton and Macao.

EMIGRATION.

11. There is an increase of 7,005 emigrants to various places during the year, the Straits Settlements showing an increase of 11,136; while there is a decrease of 3,854 Chinese to San Francisco. 2,690 Chinese left for various places in the Australian Colonies showing an increase of 343 on the previous year.

REGISTRY OF SHIPPING.

12. Nine vessels were registered during the year, and eight Certificates of Registry were cancelled.

MARINE MAGISTRATE'S COURT.

13. Fifty-eight Cases were heard in the Marine Magistrate's Court during the year.

EXAMINATIONS FOR THE POSTS OF MASTERS, MATES AND ENGINEERS UNDER SECTION 15 OF ORDINANCE 8 OF 1879.

14. The following Table will show the number of Candidates who passed, and who failed in obtaining Certificates of Competency:—

GRADE.	PASSED.	FAILED.
Masters,	6	13
First Mates,	17	6
Only Mates,	1	2
Second Mates,	5	3

MARINE COURTS, UNDER SECTION 13 OF ORDINANCE 8 OF 1879.

15. The following Courts have been held during the year :—

1. On the 19th February, 1886,—Inquiry as to the loss of the British Steam-ship *Douglas*, Official No. 84,357 of Hongkong, on the White Rocks on the 11th February, 1886. The Master's (MATTHEW YOUNG) Certificate of Competency was suspended for four months.
2. On the 10th March, 1886,—Inquiry as to the striking of the British Steam-ship *Thames*, Official No. 85,898 of Glasgow, on the South-west point of the Lyemoon Pass, on the 2nd March, 1886. The Master's (WILLIAM ARTHUR SEATON) Certificate of Competency was returned to him.
3. On the 24th March, 1886,—Inquiry as to the loss of the British Barque *Bothwell Castle*, Official No. 47,822 of Newcastle, N.S.W., on the Reef surrounding Ngarik Island, Caroline Group, on the 21st December, 1884. There was not sufficient evidence before the Court to enable them to apportion any blame for the casualty. A Court of Inquiry was also held at Sydney on the arrival of the Master, Second Mate and two of the Crew at that Port.
4. On the 1st April, 1886,—Inquiry as to the loss of the British Steam-ship *Breconshire*, Official No. 79,674 of London, on the White Rocks, on the 17th March, 1886. The Master's (WILLIAM EDWIN POPE) Certificate of Competency was suspended for three months.
5. On the 19th April, 1886,—Inquiry as to the stranding of the British Steam-ship *Venetia*, Official No. 68,388 of Glasgow, on Isaki Reef off Cape Tanabé, near Kobe, on the 26th March, 1886. The Master's (WILLIAM EDWARD LAWRENCE CLEMENT) Certificate of Competency was returned to him.
6. On the 12th July, 1886,—Inquiry as to the loss of the British Steam-ship *Compton*, Official No. 77,080 of London, on the South-west side of the Island of Balabac in the Palawan Passage, on the 12th June, 1886. The Master's (MATTHEW BRYCE WALKER) Certificate of Competency was returned to him.
7. On the 30th August, 1886,—Inquiry as to the loss of the British Steam-ship *Madras*, Official No. 70,626 of London, on a rock in the Bay within the West side of the Tai Chow Islands, on the 15th August, 1886. In the absence of the Master (HENRY PLENGE) who was washed overboard and drowned, and the Chief Mate's injuries having incapacitated him from performing his duties, there was not sufficiently good evidence to enable the Court to arrive at a satisfactory conclusion as to the exact position of the rock on which the *Madras* struck, nor are the courses the ship is said to have been steered, very reliable.
8. On the 14th October, 1886,—Inquiry as to the stranding of the British Steam-ship *Dafila*, Official No. 68,501 of Sunderland, on the South Bank, Hainan Straits, China, on the 12th May, 1886. The Master's (JAMES MOONEY) Certificate of Competency was returned to him.
9. On the 25th November, 1886,—Inquiry as to the stranding of the British Steam-ship *Greyhound*, Official No. 81,647 of London, on a reef running out from Nan Sa Point in the Gulf of Tonquin, on the 2nd November, 1886. The Master's (THOMAS ABRAHAM THOMAS) Certificate of Competency was returned to him.

In the latter Case, the Court recommended that the attention of the Chinese Government be called to the want of lights and marks in the Hainan Straits, which has led to the stranding of several vessels.

SEAMEN.

16. 8,589 Seamen were shipped at the shipping Office during the year, and 9,229 discharged.

17. I am glad to see that provision is made in the Estimates for this year for the construction of a long wanted jetty off this Office, and I trust there will be no delay in building it. The present slipway answered very well when nothing but gigs were used, but it is only at certain times of the tide that a steam-launch can get in to land people, and the boats not unfrequently touch the ground to the injury of their keels and bottoms.

18. Provision has also been made for making Hunghóm, a "Harbour Master's Station," under Section 38 of Ordinance 8 of 1879. Great inconvenience is felt by the Owners and Masters of boats frequenting that place, in having to go to Victoria or Yaumáti report their arrivals and obtain their papers. This Station will, I hope, soon be ready. At present an Officer has to visit Hunghóm daily, but this is attended with much loss of time, expense, and inconvenience.

I have the honour to be,

Sir,

Your most obedient Servant,

H. G. THOMSETT, R.N.,
Harbour Master, &c.

The Honourable F. STEWART, LL.D.,
Acting Colonial Secretary.
