## SHIPPING.

2. The total trade of Hongkong for the year 1888 is represented by 63,967 vessels measuring 12,996,396 tons. (This is an advance of 174 vessels and 357,702 tons on the average for the previous 3 years, and is 359 vessels more, but 28,939 tons less than in 1887.)

3. This vast amount of trade is apportioned as follows:—

	Number.	Tons.	Per Cent.
British, .....	5,121	6,474,343	or 49.
Foreign, .....	2,460	2,532,334	or 19.
Junks in Foreign Trade, .....	47,567	3,703,707	or 29.
	55,148	12,710,384	
Junks in Local Trade, .....	8,819	286,012	or 2.
	63,967	12,996,396	

4. Compared with 1887. There has been a decrease of British tonnage amounting to 342,705 tons; and an increase of Foreign tonnage, exclusive of Junks, of 179,848 tons; also an increase of Junks, exclusive of local trade, of 143,781 tons, and a decrease in Junks employed in local trade of 9,863 tons.

5. The countries with which the decrease of British tonnage is most apparent are :—

Coast of China and Formosa, .....	190,977 tons.
Cochin-China, .....	123,894 "
Continent of Europe,.....	104,201 "
Australia,.....	22,178 "

6. The principal increase appears with the following countries :—

British Columbia, .....	22,173 "
Great Britain, .....	121,066 "
Japan, .....	40,918 "

7. The principal decrease, that with Coast of China and Formosa, may be partly accounted for by the fact that, during the year several steamers trading on the Coast, which were formerly under the British flag, were transferred to the German flag. The decrease under the heading of Continent of Europe is partly consequent on this trade being carried more in Foreign bottoms. But it is more largely due to an alteration in the system of classification adopted in this Report. In former Reports, the vessels of the Peninsular and Oriental Company calling at Brindisi and Marseilles *en route* were classed under the heading of "Continent of Europe," while now they are classed under "Great Britain." With Australia, the decrease must be put down to the altered circumstances of trade consequent on the suppression of Chinese Emigration to the Australian Colonies.

8. During the year, 3,660 steamers arrived, being a daily average of over 10, 7 of which were "Ocean going." They represented a total tonnage of 4,416,000, over 68 per cent. of them were under the British flag.

9. The statistics show an increase in the Junk trade over last year, with the Coast of China and Formosa of 103,497 tons, and with Macao of 40,284 tons. There is a decrease however of 9,863 tons in the local trade.

10. On the 31st December there were 91 steam-launches in the Harbour, of these, 41 were licensed for the conveyance of passengers, 42 were privately owned, and 8 were the property of the Colonial Government. There were, in addition, 6 launches, the property of the War Department.

#### EMIGRATION.

11. During the year 1888, 96,195 Emigrants left Hongkong, of these, 72,744 (65,976 males, 5,109 females, and 1,659 children) were for the Straits Settlements; 18,275 (18,119 males, 95 females, and 61 children) were for San Francisco; 1,972 (1,942 males, 3 females, and 27 children) were for the Australian Colonies. Owing to the restrictions placed on Chinese Emigration by the various Governments in the Australian Colonies, Emigration there has been practically stopped since the month of May, 1888.

12. The subject of abuses connected with Chinese Emigration has lately received much attention. That abuses do exist there can, I think, be little doubt, but I question much if they exist to the extent which some suppose. Frequent cases of so-called "kidnapping" are reported, but, except in the case of women or children, my impression is that in a large number of these reported cases, the so-called "kidnapped" coolie is a rogue, who, having agreed to emigrate and received a "bounty" for so doing, either escapes from the vessel as she is leaving the harbour, or gets some of his friends to report that he has been taken away against his will in the hopes that he may be taken out of the ship before leaving, or traced and sent back from the port for which he has sailed, in either case, if he is successful, he will be ready to try his game on again sooner or later. The jumping overboard of "kidnapped" coolies from outward bound Chinese passenger ships, of which a good deal was heard a short time ago is one of the symptoms of abuses in which I do not believe. It is a curious fact that few if any of these individuals are ever heard of after jumping overboard, though they are seen to be picked up by boats which appear to be waiting for them. It is more than probable, I think, that in nearly all these cases, could they be clearly traced, it would be found that this "kidnapped one" was really either a "Bounty Jumper" or else a thief who had got on board surreptitiously and remained as long as he could, with a view of seeing what there was to be picked up, and who, having done all he could in the time at his disposal, cleared out by jumping overboard at a suitable spot where his friends would be waiting to pick him up in a boat.

13. Cases of forged contract passage tickets have come under my notice, also cases of Emigrants going on board after the medical inspection by the Health Officer and the issue of the Emigration Officer's Certificate. During the past year, on one occasion under the latter circumstances I detained the vessel until the number on board corresponded with the number passed by the Health Officer and certified to by me. A claim was made for compensation for this detention, but it was not persisted in. As one precaution against fraud, every ticket is now numbered as the owner passes before the Health Officer and Emigration Officer's Deputy on board. A further proposed precaution is to have the tickets printed on specially prepared paper in order that forgeries may be readily recognized, but no means adopted by the Government will prove wholly effectual, unless we have the active co-operation of the Agents or Charterers and the Master of the vessel towards the prevention of abuses.

14. The present system of the Emigrants going on board at any time after their passing at the Harbour Office and before the sailing of the vessel, and while the vessel is lying in the Roads, in a great measure open to the public,—since the officers and crew are so fully employed in their other

duties as to make it impracticable for them to attend to coolies coming and going—is conducive to abuses, and I think that the best remedy would be found in the establishment of a Government Emigration Wharf alongside which vessels would take on board their Emigrants at the last moment before sailing, the wharf being closed to the public after the Health Officer and Emigration Officer had passed through the gates to go on board for the final inspection of the Emigrants, and the vessel leaving immediately after this inspection. This method would doubtless cause some little delay in getting the vessel off, and for that reason is open to objection, I think however that the evil would be more than compensated for by the good which would accrue.

#### REGISTRY OF SHIPPING.

15. Nine vessels were registered during the year and eight certificates of Registry were cancelled. It has been brought to my notice that inconvenience exists in the want of a simpler mode of Registry whereby small vessels British owned could obtain a "National Character," and be entitled to fly the British flag outside the waters of the Colony. This inconvenience can, I think, be removed under the Colonial Shipping Act 1868 (31 and 32 Vic. Cap. 129) which enables Regulations to be made providing for the issue to Vessels under 60 tons burden of terminable certificates of Registry under which the Vessel so long as the certificate is in force, is deemed a registered British vessel, and I am now preparing regulations to be submitted to His Excellency the Governor with this object in view.

#### MARINE MAGISTRATE'S COURT.

16. Seventy cases were heard in the Marine Magistrate's Court during the year. "Refusal of duty," "Insubordination" and "Absence without leave" were the principal offences in the case of ships, and "Leaving without clearance" and "Leaving during prohibited hours," in the case of Junks.

#### EXAMINATIONS FOR THE POSTS OF MASTERS, MATES AND ENGINEERS, UNDER SECTION 15 OF ORDINANCE NO. 8 OF 1879.

17. The following table will show the number of candidates examined for Certificates of Competency distinguishing those who were successful, and those who failed:—

GRADE.	PASSED.	FAILED.
Masters, .....	19	3
First Mates, .....	12	...
Only Mates, .....	3	...
Second Mates, .....	9	...
	43	3
First Class Engineers, .....	20	...
Second Class Engineers, .....	19	3
	39	3

#### MARINE COURTS UNDER SECTION 13 OF ORDINANCE NO. 8 OF 1879.

18. The following Courts have been held during the year:—

- On the 20th February, 1888. Inquiry as to the stranding of the British Steam-ship *Ardgay*, Official No. 88,869 of Aberdeen, a little to the North of Cape Batangan, on the 15th December, 1887. The Master's (ALEXANDER COOK) Certificate of Competency was suspended for three months.
- On the 1st May, 1888. Inquiry as to the stranding of the British Steam-ship *Ashington*, Official No. 63,010 of South Shields, on the West Point of Hongkong Island in the Channel named on the Chart Sulphur Channel, on the night of the 20th April, 1888. The Master's (WALTER REYNELL) Certificate of Competency was returned to him.
- On the 11th May, 1888. Inquiry as to the abandonment of the British ship *Rock Terrace*, Official No. 72,217 of St. John, New Brunswick, off the Island of Guam, on the 29th February, 1888. The Master's (STEPHEN BARNEs ATKINSON) Certificate of Competency was suspended for six months, and that of the First Mate (AUGUSTUS HARRIS) was also suspended for six months.
- On the 5th June, 1888. Inquiry respecting certain charges of misconduct brought against ROBERT LYLE, First Mate of the British Steam-ship *Crusader*, Official No. 63,856 of Glasgow, by JOHN OGSTON, Master of the said ship. The First Mate's Certificate of Competency was returned to him.
- On the 24th October, 1888. Inquiry as to the death of HENRY WILKINS, A.B., of the British Steam-ship *Ghazee*, Official No. 87,678 of Rochester, who was washed overboard by a sea which swept the steamer's decks during the Typhoon encountered on the 29th September, 1888. The Master's (ARCHIBALD SCOTLAND) Certificate of Competency was returned to him.

## SEAMEN.

19. 10,061 seamen were shipped and 10,807 were discharged at the shipping office and on board ships during the year.

## MARINE SURVEYOR'S SUB-DEPARTMENT.

20. I append a Return showing the Surveys, &c., carried out in the Government Marine Surveyor's Branch. This Return illustrates the constantly increasing importance of that Branch of this Department.

## LIGHT HOUSES.

21. No special remarks are called for under this heading. The three Lighthouse Stations have been maintained during the year as usual, some minor changes taking place in the staff. The proposal to dispense with the red shades on the seaward face of the Green Island Light is under consideration, this plan, if adopted, will, in my opinion, increase the efficiency of the light.

## GOVERNMENT GUNPOWDER DEPÔT.

22. On the 31st December, 1888, there was stored in the Magazine at Stone Cutter's Island, as under :—

	No. of Cases, &c.	Approximate Weight: lbs.
Gunpowder, Privately owned, .....	336	19,070
Government owned, .....	632	63,200
Cartridges, Privately owned, .....	387	31,102
" Government owned, .....	67	8,700
Dynamite, Gun-cotton, Fuze, &c., Privately owned, .....	149	4,890
Dynamite, Gun-cotton, Fuze, &c. Government owned, .....	9	655
Total,.....	1,580	127,617

23. This is a smaller amount than has been in the Magazine for some years, probably owing to the fact of the market being glutted with the very large amount of explosive material which arrived during and immediately after the period of hostilities between France and China.

24. The Agents of Nobel's Explosives Company have during the past year established, with the permission of the Government, a private magazine for storing Dynamite, &c., at One Tree Island, thus relieving the Stone Cutters' Magazine of the storage. There is of course a corresponding loss to the Government of rent for storage, but there was no fit special place for keeping it at Stone Cutters, and on the whole I think the present arrangement the better of the two.

## IMPORTS AND EXPORTS (OPIUM) OFFICE.

25. This is the first complete year of the establishment of this Branch, and I have to report that it is working satisfactorily. Monthly statistics are rendered, it will therefore not be necessary to go into details here, a table is added to this report which shows that the total amount of opium reported through the office during the year was as follows :—

Imported, .....	71,512 $\frac{2}{40}$ chests.
Exported, .....	71,139 $\frac{1}{2} \frac{27}{40}$ ,,

(Exclusive of through cargo.)

The fraction  $\frac{2}{40}$  is explained by the fact that one " broached " chest was landed here containing 27 instead of 40 balls, and was exported in the same condition, 21,310 permits were issued from the office being 384 Landing, 10,958 Removal, 9,498 Export, and 470 to Chinese Customs hulk.

26. In addition to these, a Memo: of Exports for the day is sent for the convenience of the Chinese Customs' Commissioner to the Kowloon Customs' Office.

27. From the summary of Exports it appears that apart from the through cargo, Shanghai took from the Colony 37 per cent., viz., 26,673 chests, Canton came next with 16 per cent., and then Amoy and Swatow.

I have the honour to be,

Sir,

Your most obedient Servant,

R. MURRAY RUMSEY, R.N.,  
*Harbour Master, &c.*

The Honourable FREDERICK STEWART, LL.D.,
