

GOVERNMENT NOTIFICATION.—No. 558.

The following Return of Cases of Bubonic Plague, which was laid before the Legislative Council on the 4th instant, is published.

By Command,

J. H. STEWART LOCKHART,
Colonial Secretary.

Colonial Secretary's Office, Hongkong, 12th October, 1899.

RETURN OF CASES OF BUBONIC PLAGUE

Occurring in the City of Victoria, Hongkong, during the year 1899.

NOTES.

The accompanying return deals with 836 cases of Plague which were reported to the Sanitary Board during the period between the 1st January and 8th September 1899, as occurring in 681 houses in the City of Victoria, Hongkong; there were besides 582 cases which occurred in the Villages of Hongkong and in British Kowloon, or were found in the Streets of the City, on the High Roads, or in the Waters of the Colony, all of these latter being either dead or in a moribund condition when so found.

The asterisks against certain of the houses show that those houses do *not* satisfy the condition as to an open space of not less than 50 square feet in the rear, as proposed by the Insanitary Properties Bill dated 21.8.99 now under consideration.

The following table shows *inter alia* the percentage of infected houses so conditioned to the total of infected houses in each District.

1	2	3	4	5	6	7	8	9	10
Health Districts.	Houses.	Floors.	Estimated Population.	Acreage.	Persons per acre.	Total Cases.	Total Houses Infected.	Total Infected Houses that have not an open area of 50 square feet.	Percentages: Column 9 of Column 8.
