GOVERNMENT NOTIFICATION.—No. 380.

The following Circular Despatch is published.

By Command.

J. H. STEWART LOCKHART,
Colonial Secretary.

Colonial Secretary's Office, Hongkong, 11th July, 1901.

DOWNING STREET,
31st *May*, 1901.

CIRCULAR.

SIR,

With reference to my Circular despatch of the 11th November, 1899, respecting the arrangements for the training of Colonial Medical Officers, I have the honour to request that you will inform those Medical Officers in the Colony under your Government who have not already been through a course of instruction either at the London or Liverpool School of Tropical Medicine, and who may desire, or who may be required to do so when they are on leave of absence in this country, that the authorities of the London School have called my attention to the fact that it is necessary that, with a view to their undergoing either a full course of instruction of three months or one of eight weeks, they should join that School at the beginning of a Session, or as soon after as may be possible.

2. It should be noted that the Sessions of the London School of Tropical Medicine commence on the 15th January, 1st May and 1st October; and that those of the Liverpool School commence on the same dates.

I have the honour to be,

Sir,

Your most obedient, humble Servant,

J. CHAMBERLAIN.

The Officer Administering the Government of
HONGKONG.
