NOTICES.

COLONIAL SECRETARY'S DEPARTMENT.

No. 391.—The following Regulations issued by the Director of the Bureau of Agriculture, Manila, with reference to the importation of cattle into the Philippine Islands, are published for general information.

F. H. MAY,
Colonial Secretary.

23rd December, 1910.

“In view of the fact that rinderpest and feet-and-mouth disease have recently occurred among cattle from Hongkong while in quarantine on lighters in Manila, and by authority of Act 1760 of the Philippine Commission, Section 2 of General Order No. 15 is hereby cancelled and superseded by the following regulations:—

1. If cattle, carabaos, sheep, goats, or swine brought to the Philippine Islands from any foreign port considered and declared by the Director of Agriculture to be infected with dangerous communicable animal disease arrive apparently free from such disease, they will be permitted to land ninety days after their departure from the port of origin, provided no disease has appeared among them during this period. Permission will be given for the transfer of such animals from the vessel on which they arrive to lighters, cascos, or other suitable vessels, where they will be held until the above mentioned ninety days have elapsed; or, if any such animal disease appears until they have been free from disease for a period of ninety days, when they may be brought ashore.
2. The provisions of this General Order shall become effective December 20, 1910.”
